I don't want to give out any vouch copies. The ebook is \$10 and it works 100% like it's advertised.
That is all I'm going to say.

I'm answering questions for you who have them, post it or send me a private message.
Wow this ebook really works! You will make cash.

???? - June 17, 2017, 9:07 am

The method is still working, and I doubt it will be saturated for like the next 50+ years.

DarkHead34 - June 17, 2017, 9:19 am

Why don't you give refunds since you guarantee it will work 100%?

Exactly. The ebook costs \$10, it works and you will make a couple hundred a week from using it. I won't give anyone refunds because I know this ACTUALLY works, plus it's unsaturated and will work for like 50+ years.

Make \$20-30 a day (BTC, PP)! This is a guaranteed money maker. The information is very nicely organized and understandable. It won't be saturated for 50+ years and it's working now!

Please PM me to buy this ebook for \$10 BTC, ETH, or PP(as gift).

I think the idea behind the refunds point would be that since everyone will make money you would never have to give a refund. That said you should offer a refund option so people feel safer about buying this. That said, you should also show your payment proofs.

No it's not about re-selling, or anything to do with digital products. PM me to buy it, it's \$10 BTC and will make you like couple hundred a week not gonna lie and say you'll make \$1000's but it works for hundreds!

I wasn't being negative, I was pointing out and maybe hinting that you should provide some proof ?

PM me to buy it. I'm telling you this ebook will make you money!!!! I will raise the price once I get some buyers. So far no one has bought a single copy.

When someone asks for proof that this method will make you money, you respond with saying that they're negative and avoiding adding proof.

I do not guarantee you'll make \$1,000's a week and lie to you. I advertise you will make \$20-\$30 a day and it's true. Over a span of a week you WILL make \$100-\$200. The ebook is \$10 and it works so I say that is reasonable. Just give me a PM to buy the ebook!

This does not require making a website. Reaching out to other people? No, you won't be asking other people for anything.

Stop taking drugs ebook?

Yes, that user purchased my ebook. A very small part of the ebook imo is a tip to not do drugs. My ebook teaches you how to MAKE money, with a few tips. If that user tells everyone exactly what is in my ebook then I would report it to staff and they will take action on that member's account.

My point I am trying to make is that my ebook is more than that, it is hard to set up but it still works. That review is not relevant in my opinion. I know my ebook works, it takes time and hard work the first 2 weeks but I will teach you how to MAKE \$100-\$200 income per week.

Enzio - June 23, 2017, 8:47 am

Becareful when buying this. You will not make any money because this ebook is not about you having a stream of money coming in.

This ebook is amazing! Definitely worth the buy! You really will make \$150-\$250 per week by following this method! It takes some time to set up but after about 2 weeks you are on autopilot. My advice is to not believe the negative things these people are saying only one copy of this ebook was sold and that one person wrote that one negative review and that review doesn't accurately portray the ebook at all imho because they didn't tell you everything in it(\$100-\$200 per week money making method). The ebook works!

Please ignore these flaming posts. Only one person bought the ebook who leaked it! To the person who leaked my ebook, the method works and I gave you an ebook for \$10 which will make you \$150-\$250 per week AFTER you set it up! I also gave you support but you decided to write a very negative review about it which honestly does not portray my ebook at all and makes my ebook look bad. Did you try setting the ebook up, yes it takes about 2 weeks of hard work to set it up, but after that you will generate \$150-\$250 per week! My ebook works anybody who wants to buy it send me a pm..
