This Ebook is very understandable and HQ.

Is it a good idea, for a beginner to try with no investments, then after some knowledge, invest money in bots, proxy etc. ?

Yes, you can. It will be a long road of lessons though. But it will be worth it.

No investments would mean, you'd be making your account from scratch and that can take some time to build up and also new accounts are heavy under the radar of IG bots.

And at most you'll be earning around \$2 per day from that account.

But in theory... Yes you can sir!
