Thread: [Find Out Who Upgraded Me?](#)

Em56 - June 12, 2017, 10:47 am

So someone bought l33t for me today and I have no idea who it is. I have a feeling it has something to do with me giving away accounts recently and that with the fact that its good will monday on HF prompted to do so?

Is there anyway I can find out who purchased it for me to thank them? And if whoever purchased it for me is reading this I just wanna say thank you a lot for doing this and if there's any way for me to show my gratitude just message me. Really appreciate it.

When you enter the UID to gift an upgrade/award it is connected to the account who sent it. However, it is not public.

But congrats on the upgrade.

The person who upgraded me to L33t let me know a few days later.

It's all part of the fun, isn't it? Spend your next 10 years on HackForums wondering who decided to upgrade you to L33T!

You probably won some contest
be grateful anyway

Just accept the giveaway and move along.

The person probably seen you doing something good, and being a decent member and decided to upgrade you.

or you won someones upgrade contest.

Either way just accept it and be a HQ member :P
