Sure, man. Looking forward to it. Three vouch copies for grabs to trusted users.

Galardowyn - June 12, 2017, 3:56 pm

I don't know if I'm trusted but I would gladly make an honest review of your method :D Good luck with your sales !

Effexion - June 12, 2017, 5:31 pm

Sending you a PM now. I look forward to your review.

?ictor? - June 12, 2017, 5:37 pm

Will take a vouch copy for a nice review.

EDIT: Made a review for your other product too.

KING - June 12, 2017, 6:09 pm

So this is essentially CPA since the proof shows "leads" and what it correct? Requires finding a profitable niche in assuming then there also.

I can do a review for you for a vouch copy but know I am 100% honest and will not just give you a 10/10 for the free method. Should be called a Review Copy so it's not so pointless anymore. Vouch copies have become less about how legitimate the method and is and more about fighting for a free method just to post saying it's amazing regardless of if it is or not. I keep my reputation of being honest so let me know.

Cheese - June 12, 2017, 6:51 pm

I have received a vouch copy of this eBook, this is my honest review.

Overall the eBook is written quite nicely, it provides clear details in order to get everything setup, I wouldn't say it's completely auto pilot, but not much effort a day is needed to make it work! Of course adding your own twist will make you more money, just like any other method.

I can't say I've never seen this kind of method before, but OP adds his own twists to it, making it

unique.

Although I don't like eBooks this is one to take a look at.

My rating

8/10

How about estimated daily-monthly income with this method? That's what people want to hear

Estimated what? I don't think you understand, this method isn't guaranteed anything, you can make more or less money depending the amount of time you put in, so posting something like that wouldn't make sense, anyways I wouldn't know I've just started it and it does take some time. I will update my post after I start earning something.

Ravioli - June 12, 2017, 7:25 pm

If you're still giving out any vouch copies lmk.

hopeforme - June 12, 2017, 9:42 pm

I have a vouch copy because I purchased an old version which didn't work and sucked.

Effexion, being a good person, gave me his updated and very new copy (looks nothing like the original, except that it's still about CPA)

Seem's tough and not "beginner-friendly" as advertised for now, but time will tell.

Ebook isn't "step by step", skips many steps, just tell you what to do but not the details. I'll contact OP for guidance.

I will get this set up ASAP and provide my honest updates. Stay tuned.

Has the potential to make a lot of money (not confirmed yet!) but with a lot of work.

At least it looks legit.

ReduxJS - June 12, 2017, 9:47 pm

Seems promising. Good luck with sales. Might be interested soon.

Vouch for Effexion, he knows his stuff. ?

Galardowyn - June 13, 2017, 1:56 am

Time for the review :

Originality : 7/10 : I've already seen someone doing something like this and cpa is nothing new on this forum. Tho the writer helps you a lot and it's kinda up to you add the little twist which will make you more money .

Method itself : It has high chance of working (no one can guarantee anything) . To me it sounds like it might get saturated quite quickly if you are not a creative kind . It's not 100% autopilot (nothing is ?) , you have to update the method sometimes to ensure the profitability . I agree on the beginner friendly (as it quite easy to understand) , there are some pictures . They will probably help you a lot , you, the beginner ;) . The bonus content will probably help you a bunch too but consider investing if you really want to go high . You can do this method without any investment as stated , it will be slower than the paid way .

Profitability : 7/10 : you can make money with this method ! BUT as I said earlier you'll need to be creative as most of the mainstream things (you'll understand) are probably already saturated . Use your brain and money will come . It's not an easy quick scheme get 1M/Sec method . You have to work for it .

Overall, the method looks good . I guess with the help of op , some "steps" (we can't really talk of steps) will be easier.

Final word : Not to boost the sales of op but I advise you to take the pack with bonus content . As usual , bonus content are mostly here so you can go faster in this method . I CANT STRESS THIS ENOUGH : Buy this only if you know you have some creativity as it's not just a following step by step method (at least not for me).

Have a great day and good luck with the method and sales .

Czok is my partner in my accounts store. He handles the Selly side of things. I originally had this as a mere Dropbox link and when I saw he was interested I offered him a copy in return for adding it to the store and handling sales support from that side.

Ok guys, an update

Effexion is absolutely the best support I have ever seen for a HF ebook seller. Really absolutely amazing, he's helping me on skype with getting the setup done for the stuff in the ebook. He's very very nice and friendly and I really fail to describe how nice he is. 10/10 support, seriously.

Although I haven't earned money yet, we're about 70% done with the setup as of today. It's really quite complicated, this ebook, don't get me wrong, and honestly the ebook itself is not beginner

friendly at all. Honestly, without Effexion's support, I really would be too lazy to set it up as it is quite troublesome.

But Effexion is so nice that he is helping me every step of the way with advice and guidance through skype.

Stay tuned for my next update.
