They don't belong together. Have to invest to get a fud crypter that's updated on the daily  
or just buy a private crypt from someone here

**Rezpy** - June 13, 2017, 7:13 pm

**xHeaven** - June 14, 2017, 11:56 am

Why the best? Just buy an average shit from the market, if you can't even invest into a fucking crypter, I don't think you wanna start a botnet. You don't have enough money to buy "the best", don't waste the coders time. Just to be clear, kid.

**LeakerTM** - June 16, 2017, 3:37 am

You will need to buy one. Read allot of people comment before buying one. Not just the seller
