Kat's a strong ass champ. Her skill ceiling is high, master her and climb hard.

nonamerio - June 14, 2017, 9:32 pm

Kat is very strong mid-late game if you build correctly, like astral said master her and climb hard.

twalig - June 15, 2017, 9:24 am

Or you could pick an easier champ to climb even harder.

She is strong tho.

Yeah and i've legit become a onetrick kat, the only champion that I can play to similar skill is Yasuo but "100%" banrate.

YERANUK - June 15, 2017, 8:23 pm

It is only shameful if you are claiming you don't belong there. No one legitimately wants to trash bronze/silver players, they trash the ones that are toxic and aren't self aware of their ineptitude.

Keep playing, just have fun, try different roles, you don't have to be good, you just have to try. But more importantly, just play games that actually give you enjoyment.

I was being sarcastic. Step 1 is always to learn your champion. Step 2 is to learn the game. Easier champion -> learn champ faster -> get to step 2 faster - > climb more.

I would've assumed that you are a Draven main.
