Fragger - June 15, 2017, 11:17 am

Please add Hunter x Hunter somewhere on the thread,
and under sports add these two shows: Cross Game, Baby Steps (both amazing)
Helpful list though, even if I think half those shows suck.

Yui-Senpai - June 15, 2017, 11:35 am

Apart from the fact nothing is underlined, some are mentioned more than once, things are in the wrong genre and are WAY out of category, all this list is cancer that are in the top 100, so rename the title to "popular cancer you have already watched because you watched some youtuber talking about how he sucked off kirito behind tesco"

Well, this is for people that haven't watched a lot of anime and just came from watching SAO or AOT or something.

If there's any mistakes it would help for you to point them out.

Shakugan no Shana (Romance/Action/Magic)
Zero no Tsukaima (Romance/Action/Magic)
Code Geass (Psychological suspense, like Death Note/Action/Magic)
Ae no Exorcist (Action/Magic)
Black Bullet (Action, I don't really remember everything but I believe it was good)
Another (Mystery, Horror, Tokyo Ghoul kind of feel, even though it's not as good as Tokyo Ghoul, still had me at the edge of my chair)
Dakara Boku wa, H ga Dekinai. (Echhi/Romance/Action/Magic)
Elfen Lied (Romance, Magic, Drama)
Gakusen Toshi Asterisk (Action, Romance and a bit of Magic)
Freezing (Romance/Action)
Gokukoku no Brynhildr (Romance/Action/Supernatural)
Haiyore! Nyaruko-san (Magic/Action/School/Romance)
Juuou Mujin no Fafnir (Supernatural/Action/Romance/Harem)
Kekkai Sensen (Supernatural/Action)
Magi Series (Keep in mind there are 2 seasons, don't start with the wrong one like a certain person did :/) (Magic/Adventure/Action)
Mob Psycho 100 (Comedy/Action/Supernatural) (MUST SEE, ITS LITERALLY ONE PUNCH MAN I DIED SO MANY TIMES WATCHING THIS)
Youjo Senki (Action/Supernatural)
Zettai Karen Children: The Unlimited - Hyoubu Kyousuke (Action/Supernatural)
Alpha Stigma (Supernatural/Action/Magic/Romance)

These are some I could find that are really good imo. Now have fun for a while.

Typo.

mfw a lot of big names are missing like the Fate series.

Re:Zero under Action, Comedy. You what.

Busou Shoujo Machiavellianism under "Extreme OP MC". Yeah, no. He's not that OP. OP means that he can get out of fights almost unharmed (if we're talking about fights). He get his ass kicked pretty easily.

You're like 500 Anime too short to be making that list son.
