I just like the video clip :(

Good grammar, yet bad English. Negative rep. :D

Lmao how true the video clip is tho actually surprises me. As in how similar it looks to normal hiphop vids

axel - June 16, 2017, 4:27 am

he right on this, even though he is doing the same in some satirical way, the song is pretty whack

sometimes i just rather listen to something lit i can vibe to even when it's only about money - and flexing things that arent theirs then that 'real hiphop' that's only dissing rappers and 'staying real' but commercially flopping
