You're right! Good pizzas here ? but it has to be with the sauce.. (kebabsauce) Stockholm unfortunally have not mastered this yet..

If you ever get across Linköping get one there with Chicago sauce, its the best of Swedens pizza according to me ?

test - June 16, 2017, 3:22 am

Fuckin Murica'. That looks delicious though.

Think ahead! You buy your kebabrulle (no idea about the English word for that) before it closes and then you can eat it later. It's better than buying pizza because it won't taste bad eating it later.

We live and we learn
