"F*** Rockstar Pack"

It was Take Two Interactive's (Publisher) that made the stupid decision to send the C&D, Rock Star actually appreciated the modding community and showcased mods on multiple occasions.

So it should read "F*** Take Two Interactive Pack".

Vouch !

Service was quick :3

Thanks Helipads, will wear signature for a bit.

Due to Rockstar's update on March 5th, transfers don't work anymore.

We are no longer selling a mod menu, but rather the modding services themselves.

Hi,

Is this for Xbox One?
