Thread: [\[All\] Free Cracking Lessons](#)

Umaru - June 17, 2017, 3:57 pm

I will be teaching the basics of cracking accounts.

I will teach you how to use SentryMBA to crack accounts and also teach you how to create your own combos and dorks, plus I will teach you how to dehash combos. I will be teaching multiple methods. I will be teaching multiple people at once. Lessons start tomorrow, post or PM to be invited to a Discord server.

James Burnham - June 18, 2017, 5:20 am

I would like to join you. I wanted to get mentored in cracking but nobody offered a service in this.

Umaru - June 18, 2017, 8:42 am

Ill be making the Discord around 3pm Eastern Time once I'm home from vacation. I didn't realize so many people would be interested! I can't wait to get started. If you're an expert you probably won't learn too much but you can always participate and help mentor, I will also be sharing free hits and tools.
