Thread: [Starbucks Method \(\\$3\) - Free Drinks - REFUNDS](#)

GloryToBe - June 18, 2017, 10:30 am

I'm going to be selling my Starbucks method for getting free drinks and you can use this as much as you want.

This is not blackhat at all.

This requires maybe a few minutes of setup per drink.

I'm only selling this method for \$3 because I see people offering this for \$2 per drink so why not save everyone money.

All you need is a device and a few locations near you and you're ready to go.

If this method doesn't work in your area I'll give you a full refund but you'll need proof. Excluding Fees. You'll only have 24 hours to contact me for this.

Does not work in Germany and Singapore. If you purchase and tell me that you're in any of these countries I will not be refunding you.

This is very cheap so I won't bother giving out vouch copies because all you need to do is use this once and you'll have your money back rather than paying \$6 per drink. Accepting BTC/ETH. PP is \$4 since I have to convert it to BTC.

Vouches from people that actually have the method

How long will this take to get your money back?

Is there a limit to how much you can spend?

What if I go to the same Starbucks over and over.

Can I get food also? or only drinks?

1. I'd guess a couple minutes to setup and then just go to the stabucks.

2. Not a limit to how much you can use this, just one drink or food item.

3. You can but I would recommend not going constantly to the same place every day.

4. You can get food too, one item.
