Thread: [50% Off Papa John's Pizza](#)

Glorify - June 18, 2017, 11:11 am

I see that there's already a thread created about it, but that code is no longer valid
The new code is: PAPA
Use this before checking out and you will get 50% off of any pizza pie purchased.

If you download their mobile app and go to 'offers', whenever you order online you can always get 50% off (In the UK at least) just so you know!

Thanks for the share anyway :)

I just used this for a family lunch this afternoon. Didn't see it on here, but everyone I order pizza I just Google "Papa John Coupons" and there are inevitably at least 30% off coupon codes.

In States, they have mon-thursday 50% off on carryout deals.

WoofierJr - June 26, 2017, 4:19 pm

Just text their number to receive offers via text messages. They usually text me once a week and usually its buy one large one topping pizza for \$7. Or better yet just google "Papa johns coupons"

Did you actually try these codes? Takes as little as a few seconds to try a code... those are both not working for the US.

Anyone happen to have any discount codes or great prices on pizza?
Looking to order some right now. Starving.?
