yadadamean - June 21, 2017, 11:09 am

Are these currently out of stock? Autobuy won't let me purchase.

Update: Currently purchased 100\$ credit. Waiting for OP to verify and send code.

2nd Update: Received code from Funtela, first code did not work as he sent the same code to two individuals, BUT without effort, OP was able to get me another code and it worked with no issues.

Funtela, thank you for being a loyal supplier. HF needs more people like you to not damage the integrity of the marketplace!

Cheers to more business in the future, brotha.
