BEFORE YOU READ THE REVIEW

Spoiler [\(Click to View\)](#)

-You must understand that the reviews I make are from my point of view.If I grade 3/10 that doesn't mean the method itself is bad, maybe for other people that method is 7, so keep this in mind when you're reading my reviews.

-My reviews will probably piss off many people and break some of their businesses ...or raise them.This means I will not debate with the sellers whether or not my reviews are accurate.Unless there is really something wrong I won't recheck my analysis.

-I review good and bad products, not only bad products as some of you may suspect.In the end, remains the decision of the reader if it's bad or good.

FAQ

Who am I?Spoiler [\(Click to View\)](#)

-A random guy that bought dozens of methods in the past few months from HackForums Sellers, and with disappointment, I announce that 90% don't work or they require insane hard work to even get them started. Highly "vouched" methods, with "valid proofs" from so highly upper-class "highly vouched members/old members" or how you want to call them, methods that look good on paper but on practice leave you with a sour taste in your mouth and with dust in your wallet.

-For those that keep asking me, "who I am and how I buy for months but my account is only for a week". I've been on hackforums for awhile now, my first account was around 2009 but was disabled due to inactivity. I kept coming back.Never engaged in topics too much.Until 1'st May when I decided I should make reviews about products.

What I'm going to show you?Spoiler [\(Click to View\)](#)

Few angles to look at when you're buying a method and few insights of what each method consists of.

I will keep this short and say this - you don't have to become an investigator but in the end is YOUR money and YOUR time you're going to throw at a random guy that promises you the moon.

Spoiler [\(Click to View\)](#)

1/10

Most vouches he uses provide screenshot proofs on a PayPal balance, not on transaction, not showing a date, nor filmed or made with phone.

Vouches such as "Vouch for X, he always has great products!" , "You can't get wrong with X!" , "I vouch for this guy he knows what he's doing!" , "I tested out this product, it works! Great Product!" are not taken into consideration. Vouches without legit-proofs are not taken into consideration. Text-proofs are not taken into consideration. This is a community and in the end people connect to each other either by friendship or a common interest they'll provide a vouch.

Personal review:

About the product:

Spoiler ([Click to View](#))

4/10

-Few methods are very saturated and well known if you want to start earning you'll enter in a very saturated market.

-Overall requires creativity, time, marketing, know how to promote your stuff.

-Determination, time, effort, will play a role if you succeed or not.

-If you are new to this you'll probably request tons of help at first, mainly due to incomplete information.

-Not unique, methods are well known, some are years old.

About the seller:

Spoiler ([Click to View](#))

-3/10

-The thread it's filled with [refund requests](#) and refund requests that he ignores (these are just a few examples taken from the first 50 pages).

-The thread has many [complaints about supporting](#) and ignores most questions (these are just a few examples taken from the first 50 pages).

Regarding this, in 90% of cases the seller comes and excuses himself "he was busy, out of town, didn't see the message" and says he takes care of the issues at hand, just to keep a helpful image on his thread, but the buyers seem to [come back](#) with the same issue after a few days. (these examples are taken from the last 20 pages)

-Some information is incomplete/unclear, hence explains the support requests from all the buyers. Especially if you're new to this you're going to have a hard time at first.

-Few complaints get ignored completely by hiding them with a new post that contains a wall of his vouches.

-He has few questions inside the thread that hit right on the spot, he doesn't evade them as he should but he deliberately says "no, has nothing to do with that" which deceives the buyers. (I will not post screenshots or will give his methods out)

-The fifth method I found it years ago, it's copied almost word-by-word from another source that was posted before he made the sales thread.

-Doesn't provide information on what he sells, explains very vaguely.

This grade reviews his way of advertising, addressing to potential customers and his way of convincing them.

Dropshipping methods are not even allowed to be sold on HF, please notify the seller of this.

Mr. Reviewer - June 19, 2017, 4:28 am

I think it's safe to say Milkbones product it's one of most profitable on HF.... for him. Has over 200pages filled with different people buying it.

th3c0rrupt3d0n3 - June 19, 2017, 8:14 am

I remember when I put a Neutral rep on this guy for calling him out on his bullshit ebooks. He then negged me and PMd me saying he would turn the -3 into a +3 if I removed the neutral review.

Poor fucker. Thanks for exposing those broke kids.

Milkbone is giving negs for everyone who "sales trashed" on his "great eBook" when people actually say the truth. He refunded me but I wasted tons of time to those methods.

Glad to see someone is finally providing a legit review and exposing Milkbone for his terrible e-books. I purchased one of his e-books over a year ago and it was a total waste of money, exactly how you described it in your OP. I asked for multiple refunds on skype and never got an answer. I ended up commenting on his thread asking for a refund because he wasn't answering skype and got a -3 for "spamming his thread with nonsense".

Keep up the good legit reviews and moral of the story don't buy money making e-books.

Best way is not to buy eBooks on HF as they only profit the seller. Also his weekly earnings photo has been the same since 4th Feb. Fishy.

Pretty sure it's the same thing from him too, don't you think it's a waste to review products that already have many people wanting refunds?

I don't see it like that, I think you have to become louder, especially if it's a product that has sales
