I think, for sure this is a hidden gem. Some great thread designs are listed here but haven't been cached by some members. If you want your own design added, kindly PM me and I'll add your design to the list.

Nice thread! Some cool resources here.

Also, a hot take for people relying on websites to generate their Lorem Ipsum: Photoshop contains this feature too. You can find it under 'Type -> Paste Lorem Ipsum' :)

Thank you, just noticed this! Although I never use Lorem Ipsum it's a handy shortcut if you need it. I'll keep the link though for if people don't have Photoshop.
