Thread: [LBRY the new Stellar \(Free .009 BTC in crypto\)](#)

BottomNotch - June 19, 2017, 2:15 pm

I don't know if many of you guys remember Stellar, but essentially they gave out \$20+ in crypto (which you were able to convert to BTC) just for signing up.

LBRY is the exact same thing, they are giving away crypto in hopes you adopt their new currency?

1) So, essentially they are giving away 10 LBC for signing up (I don't know if you have to use a referral link but I'll provide one if you want to use it?)

2) Then they are giving you another 20 LBC for completing their claim tasks.

Note: After you confirm your email address you need to wait (reports of 72 hours+) to receive your invite + download link to their cryptocurrency.

You can sell it at an exchange such as: https://poloniex.com/exchange#btc_lbc

Here's the non-referral link: <https://lbry.io/get>

Here's my referral link (they just give me an extra 10 LBC per signup): <https://lbry.io/get?r=UYm1e>

LBC is a scam.

It's worthless.

Their idea is stupid.

V For Vendetta - June 19, 2017, 2:17 pm

Oh shit time to hop in on this asap rocky

MOE - June 19, 2017, 2:17 pm

Is it legit though, that's the better question.

Actually to correct OP, you get .003 free. .006 if you do the tasks, and .003 per invite via referral.

^^ \$\$\$\$ is money and most people here are not planning on using this in the future.

Actually to correct OP, you get .003 free. .006 if you do the tasks, and .003 per invite via referral. There are "no strings attached," you just give them an email and install their software. I recommend installing it in a sandbox or vm just in case.

& Yes that is in the OP. 10 LBC for signing up and 20 LBC for doing their task.

V For Vendetta - June 19, 2017, 2:22 pm

Okay so I can't find where to get the LBC? Like I signed up and didn't get shit lol
It just says I'm in queue for early access or some bs

I believe I said this in the OP:
You will need to wait (reports of 72+ hours) to receive your invitation. AKA check your emails everyday and wait for them to send you the download link + invite code.

Enjoy the free money everyone! Just remember to check your emails daily to see if you've been taken off the waitlist. (It'll most likely take 3+ days though)

Also the ref bonus has been lowered to 5 LBRY coins.

2.5* i guess the ref bonus changes depending on how many people sign up

Just remember, refs only count if they install the software on a computer. (VM or Sandboxie)

Also, you may want to check <http://reddit.com/r/lbry> for updates!

Yea you just have to wait, they are sending out access codes every week or so.

BottomNotch - July 2, 2017, 8:24 am

Thanks! I just checked and I got mine yesterday. I would like to ask though, should I sell my lbry credits as soon as I get them or do I hold them and wait for a price increase?

It is recommended to wait a little longer, but do whatever feels right. Remember the market will most likely follow Bitcoin's trends?

LanaDelRey - July 25, 2017, 9:45 pm

Got my invite the other day, seems like they've reduced the amount LBC they give you but it's still not too bad.

DealMaker - July 26, 2017, 12:13 am

Yeah that's what it said for me when I tried to make a channel. It said I needed to make a deposit of 10 LBC that I could retrieve at any time to create the channel as well, so I deposited 10 LBC and tried to create channel but that message popped up and it took my 10 LBC.
