Do you want all of your arch nemesis'
personal information?

=====

Their social media accounts?

=====

Their relatives?

=====

Their criminal background?

=====

Now you can.

On the internet today, there is no such thing as true anonymity. Your whole identity can be linked to one single username, account, or IP address.

On the internet everyday, you leave millions of digital footprints, that last forever. People such as me can exploit these footprints in order to grab information about someone and deliver them to a client.

I used to do this service free, but not anymore. I have chosen that this can be a profitable service, and I am willing to give up some of my time to DOX people for others.

These are the packages that I offer:

[\$25] - Full formatted DOX

Username, email, phone number(s), relatives, address

Delivery of DOX can take up to a week

-

[\$30] - Full formatted DOX

Username, email, phone number(s), social media accounts, relatives, address, relatives accounts, address, address of relatives, PO boxes, IP address, ISP information.

Delivery can take up to a 3 days, but your order is prioritized.

-

[\$50] - Fully formatted DOX

All known information about target.

Delivery can take up to a week, but your order will be utmost prioritized.
