Hello guys! Please let me know, when e-whoring , what you are asking your customer to pay you through AGC, you need to have an Amazon account created, of just to give him your email ? I don't know if it is ok to post here, but I am new on this. Hope you can help me with this info.

Thank you in advance

HookEm - July 31, 2017, 5:16 pm

I'm looking to buy any amount of AGC (US). Denominations < \$50 are preferred. I can pay at a 75% rate using PP (Verified) which is preferred, or I can pay with BTC. If you have something, let me know and I'll probably reply instantly.
