Thread: [Seoinsection's SEO / Marketing services: Review \(IT'S GARBAGE\)](#)

Hunion - June 20, 2017, 10:57 pm

Hello everyone,

let me first off start by saying I have every intention to sway any customer or future customer from going through [onlinesocialpromotion.com](#) <--- LOOK I JUST SAID IT. NOW ALL YOUR CUSTOMERS OUTSIDE OF HACKFORUMS WILL SEE THIS. GG

Anyways, let me get on with the bashing of this silly, one man operation.

The only reason I went through his is because the other ones with more reviews's google Verify im not a bot by clicking function wasnt working.....

I registered, was impressed by how many different services he offerd (LOL). He had two of everything. One that was HQ , and one that was also HQ, but spelled High Quality, and priced 20% more.

I was extremely confused, some of the directions on how to use his mass order, new order, FAQ was contradicting some other stuff, it was extremely hard for me to be certain that I was doing the correct thing.

So I did a test run.

I dropped \$50 in there. I spent \$25 on instagram followers. 200 for me, 2000 for an artist that I am promoting. Cool, got them within 24 hours. Not cool, lost 1/3 of them in 2 days.

Losing more everyday.

So I added him on skype. I talked to him. He convinced me that his shit wasn't totally bots... That it was smarter bots.. Made to look more legit then OTHER PEOPLES FAKE VIEWS SERVICES . So I spent the other \$25 on what I thought were SoundCloud views... So all of his songs have like 2000-5000 likes, but like 100 plays... LOL... Maybe he switched so that what I am about to type would happen..... (mind explosion right here) ... So what do I do? I dropped \$100 , so that I could buy atleast 5 times the fucking views as the likes, so it'd look legit??? duhhhhhh.

So after spreading out 50 differnt orders (<https://puu.sh/wqami/25204a7178.png>) , I get to thinking about followers.. He offered a soundcloud followers service.. but I wasnt sure on something so I tried to ask him about it.

First of all, getting him to answer was difficult. Getting him to give me a straight answer was more frustrating than anything!

For the soundcloud followers service, I asked do I insert the username that appears after the SoundCloud URL, or do I use the name that appears next to his Gold Premium star on his profile page?

I asked him like 4 different times. I retyped my question, I dumbbed it down, I even got it to a "HEY DUDE, DO I TYPE IN JMAYZ OR JMAYZ100" . He still didn't answer me. He's trying to make me feel like he doesn't need me. He has the ego of a fucking loser, and his business will fail. This post and article is the start of that. I own 10+ domains, I will copy and paste this review to all of my domains, not make it reachable by the main audience, BUT ONLY AVAILABLE TO PEOPLE WHO SEARCH [ONLINESOCIALPROMOTION.COM](#)

I WILL FOLLOW YOU AROUND SEOINSECTION.

You say in the thread that he tries to keep \$80, but in the screenshot you are telling him you will chargeback the full \$150 amount. Since some services were completed this is unfair.

Seoinsection - June 21, 2017, 12:08 am

Idk why this client is doing this. all my clients are happy. the way he is talking . what he did is he opened multiple orders for same link at same time. We specially mentioned that Please dont open a Same orders for same link at same time. Wait first before completed. he have used his balance nd now he is saying he will do chargeback of 150\$. Infact he used 70\$ already and 80 is Current balance now. And also he removed us from skype . and now he is make a thread over here. Please dont do this man. we have loads of orders & Clients . Still we are Replying you very fast and trying to deliver everything.

And im not trying to keep your 80\$. they are still in your Account balance. The main reason is you opened same order for same linkat same time. You need to wait for Completion of Previous orders. thanks,

THE ONLY REASON I SAID I WAS GOING TO REVERSE THE CHARGES IS BECAUSE HE CANCELLED MY SERVICES BECAUSE HE WAS UNHAPPY WITH HOW I WAS TREATING HIM.

HE IS A BUSINESS MAN. HE CANNOT JUST SAY OH, I DONT LIKE YOU, I'M NOT GOING TO DELIVER YOU \$80 WORTH OF STUFF.

What would you do if an egotistic business owner did that to you? You would call paypal and get your damn money back. Anything Seoinsection says is completely bullshit. I've been a member 3-5 years longer, and I've never scammed ANYBODY.

This Guy Used Bad words. Still i was Talking with him in nice Way. You say I ordered incorrectly? Maybe change your Frequently Asked Questions page. Maybe you should learn some english. You say I ordered something for the same link? YES, it was a totally different service. I ordered Likes / Views / Reposts for the same link.

YOUR FAQ PAGE SAYS DONT REQUEST SAME SERVICE ON SAME LINK. THAT DOESNT MEAN USE SAME LINK FOR DIFFERENTS ERVICES.

edit: You fucking cancelled all of my orders because YOU'RE FUCKING MAD. Not because I did something incorrectly. Look at the screen shot. YOU CANCELLED 30 ORDERS AT ONCE

EDIT EDIT: <https://puu.sh/wqwQI/9046a5d694.png> <---- "WHY ARE MY ORDERS CANCELLED " HIS ANSWER " WHY U DELETE ME FROM SKYPE " <---- HE'S FUCKING MAD I DELETED HIM FROM SKYPE. WHAT A GOOD BUSINESS MAN

I've been a member 3-5 years longer, and I've never scammed ANYBODY. You should try reach a mutual agreement before attacking verbally and opening disputes on paypal and community alerts on HF. Also, canceling your services does not justify charging back \$150 while you used \$70. Correct me if I am wrong, but you used \$70 on his panel, right?

On HF and most forums you deal with one-man businesses. These businesses are pretty much the services of a freelancer with a branded panel that automates the process. You can't expect Amazon-level customer support from one man businesses.

I suggest you both try reach a mutual agreement.

Forget the first \$50 I spent. Even though more than 50% has now dropped off, from that \$50. Forge tit.

No, my account clearly in all the recent screen shots show a balance of \$80. So, to answer your question, YES, I am going to dispute the \$100 payment. Right now infact.

Edit: Called Paypal. They have skipped the dispute process, they have sent Mr. Seo in section a request to send the money back within 10 days. That \$100 is on hold. The only thing you can do to me, to "get back at me" is hold that \$100 for 10 days. YOU GO RIGHT AHEAD BUDDY <3.

Enjoy your marked paypal account for unprofessionalism, as I have sent them screen shots of how you treat me. This thread will for ever stay, and will multiply on my domains if it becomes deleted.

Seo in section - June 21, 2017, 11:16 am

i have no problem in sending you rest 70 80\$. but this is not good thing. OP Screenshots showing clearly that who treated wrong.Now You opened a Dispute. I have no problems in refunding money. thanks,

I read the first sentence and stopped reading. You don't decide what goes on now. It's already over.

Should have treated a big client seriously. Good luck

thanks,

Like I said. Paypal already guaranteed the full 100\$. The only thing you get to decide is when in the next 10 days you're going to send it back. Day 10 hits, auto sends to me. The \$100 is on hold in your account. Pleasure doing business with you
