Thread: [Anime Forum Logo - \\$20 BTC or PP](#)

SkullCandy - June 21, 2017, 7:41 am

I am looking for a logo for my new forum I am making with Yui-Senpai; it's called pantsu.sx - get as creative as you would like! We don't know exactly what we want yet; something fun, yet not tacky, professional. Maybe adding in the Japanese characters would make it weeb as fuck (which it needs to be). Have a ball with this one!

Also; Yui requests that it look kawaii as fuck - and also, the .sx part at the end is not mandatory; we aren't sure yet if we want that to be a part of the name or just the domain right now. All depends on how it looks!
