Parties, parties, parties and parties.

Went shopping, grabbed some beers. Chilled in the sun for a bit and got my tan back.

Gonna smoke a joint when it gets darker, put on some TV series that I haven't decided yet and relax.

Jks fuck that, I got work in 4 hours and I need to sleep but it's too hot.

I've been on summer break for like 3 weeks now. Probably not going to do much today besides watch Netflix and play some video games.

Hustla - June 21, 2017, 2:07 pm

My goal is to complete a good amount of hikes.
