Thread: [Free WordPress theme and HTML web development](#)

gabrielchihonglee - June 22, 2017, 1:21 am

Hiiiiiii... I'm Gabriel from Hong Kong.

I have about 5 years of experience in creating WordPress themes and make websites using HTML & CSS

To enrich my portfolio, I need more cases. So, I'm now offering:

- 1) Free WordPress Theme development
- 2) Free HTML & CSS website development

Please PM me if you want this free service

Please note that I won't accept 100% of the request. I'll decide according to my ability and time available.

Okay, i've received a few request and it would take some time. I won't accept any more request for now temporarily except anyone who posted a reply above saying they will contact me later.

The service will be available again in the future. :)
