BEFORE YOU READ THE REVIEW

Spoiler [\(Click to View\)](#)

-You must understand that the reviews I make are from my point of view.If I grade 3/10 that doesn't mean the method itself is bad, maybe for other people that method is 7, so keep this in mind when you're reading my reviews.

-My reviews will probably piss off many people and break some of their businesses ...or raise them.This means I will not debate with the sellers whether or not my reviews are accurate.Unless there is really something wrong I won't recheck my analysis.

-I review good and bad products, not only bad products as some of you may suspect.In the end, remains the decision of the reader if it's bad or good.

FAQ

Who am I?Spoiler [\(Click to View\)](#)

-A random guy that bought dozens of methods in the past few months from HackForums Sellers, and with disappointment, I announce that 90% don't work or they require insane hard work to even get them started. Highly "vouched" methods, with "valid proofs" from so highly upper-class "highly vouched members/old members" or how you want to call them, methods that look good on paper but on practice leave you with a sour taste in your mouth and with dust in your wallet.

-For those that keep asking me, "who I am and how I buy for months but my account is only for a week". I've been on hackforums for awhile now, my first account was around 2009 but was disabled due to inactivity. I kept coming back.Never engaged in topics too much.Until 1'st May when I decided I should make reviews about products.

What I'm going to show you?Spoiler [\(Click to View\)](#)

Few angles to look at when you're buying a method and few insights of what each method consists of.

I will keep this short and say this - you don't have to become an investigator but in the end is YOUR money and YOUR time you're going to throw at a random guy that promises you the moon.

Spoiler ([Click to View](#))

This is not rated as a money making method.

- A Starbucks near you is required.
- Requires a device with internet.
- The method's very simple, very straightforward.
- I won't recommend doing the same thing twice in the same place, or to the same employees.
- The price the seller has set it's a very fair one if you do it more than once.
- This is not available for all countries, for example, the Application does not work in Germany, Singapore, Netherlands, Romania.

The only thing which this thread is doing is vouching for the member therefor you're cross-posting by advertising, no?He asked for a review, I deliver what I offer. I was 50-50 if I should make a review knowing it will be short, but he already sent me the method. ?

I'm not doubting that lmao. My drink has a fly in it can I get my money back? Oops, did I just leak someones eBook?

Because people only know how to talk shit. If I was a money making ebook seller this would be perfectly fine, maybe I should ask for \$40 and offer premium support. Also I just checked your signature and you're an ebook seller, I would be burying my head in the sand out of embarrassment if someone wrote a review on yours and found out it was filled with fake vouches.

Or maybe you could have given it out for free because.. you know.. it's public and even Starbucks ask you to provide your DOB to give you a free drink.
