Don't think you can hold PP here, plus it wouldn't be wise of you to MM deals that revolve around you holding pp

I don't see anything against that. The only rule I see in regards to PP is giving PP away.

Paypal Holders

We consider this financial fraud and a huge risk to our members. Anyone using this type of service or offering it to members will have their accounts immediately closed.

Regardless, holding PP wouldn't be a wise decision anyways even if it was allowed...

It's clearly written that PayPal holding is not allowed. Unless I miss something.

I would stay away from holding PP tbh

It's not but even if it was, I don't see why anyone would want to take the risk of holding the foods and risk getting it charged back unless they were paid a significant amount as some sort of fee.

Either way, I'm going to avoid it for now.

Until I can confirm it is 100% allowed, besides I don't feel like getting a scam report against me on a free service because someone chargebacked ?

Exactly

PP charge backs are a real danger on HF. Maybe you should at least ask for the ID or something to minimize the risk

Definitely would deal with this little niglet right here, not only is he trustworthy but he is a chill guy to talk to as well, you should have no issues doing business with him.

You will most likely get, if not be guaranteed to great service and treatment from him, kind and thoughtful, smart and gets right to the point of things, he will provide a service you will not regret asking him for

Now enough of reading vouches cause you should be convinced by now, go get some deals done

with this guy ??
