BEFORE YOU READ THE REVIEW

Spoiler [\(Click to View\)](#)

-You must understand that the reviews I make are from my point of view.If I grade 3/10 that doesn't mean the method itself is bad, maybe for other people that method is 7, so keep this in mind when you're reading my reviews.

-My reviews will probably piss off many people and break some of their businesses ...or raise them.This means I will not debate with the sellers whether or not my reviews are accurate.Unless there is really something wrong I won't recheck my analysis.

-I review good and bad products, not only bad products as some of you may suspect.In the end, remains the decision of the reader if it's bad or good.

FAQ

Who am I?Spoiler [\(Click to View\)](#)

-A random guy that bought dozens of methods in the past few months from HackForums Sellers, and with disappointment, I announce that 90% don't work or they require insane hard work to even get them started. Highly "vouched" methods, with "valid proofs" from so highly upper-class "highly vouched members/old members" or how you want to call them, methods that look good on paper but on practice leave you with a sour taste in your mouth and with dust in your wallet.

-For those that keep asking me, "who I am and how I buy for months but my account is only for a week". I've been on hackforums for awhile now, my first account was around 2009 but was disabled due to inactivity. I kept coming back.Never engaged in topics too much.Until 1'st May when I decided I should make reviews about products.

What I'm going to show you?Spoiler [\(Click to View\)](#)

Few angles to look at when you're buying a method and few insights of what each method consists of.

I will keep this short and say this - you don't have to become an investigator but in the end is YOUR money and YOUR time you're going to throw at a random guy that promises you the moon.

REVIEW:

Vouches:

Spoiler [\(Click to View\)](#)

0/10

Nothing to analyze.

Doesn't have any vouches.

Vouches such as "Vouch for X, he always has great products!" , "You can't get wrong with X!" , "I vouch for this guy he knows what he's doing!" , "I tested out this product, it works! Great Product!" are not taken into consideration. Vouches without legit-proofs are not taken into consideration. Text-proofs are not taken into consideration. This is a community and in the end people connect to each other either by friendship or a common interest they'll provide a vouch.

Profits:

Spoiler [\(Click to View\)](#)

4/10

Provides a video proof and a picture, however, these are only of the balance. No date or transaction involved.

Methods:

Product:

Method 1#:

How much investment does it require?

Minimum of - random - is required.

Description:

-Marketing. You are going to take care of other people's business.

The more people are going to do this the harder it will be to hook customers, but there is a saying - "There are as many good fish in the sea as ever came out of it".

Time:

-Requires searching for possible clients. The seller provides the - marketplace for these clients.

-The investment depends on whether or not you want to make your work easier.

Personal review:

About the product:

Spoiler ([Click to View](#))

7/10

-Provides you examples how to initiate a call with these clients and how to convince them.

-As long for the uniqueness, I have reviewed around [20 products](#) so far and I have not seen this method before.

-A subject that the seller doesn't include on the matter it's - How to GROW the business. This is a whole other category, he left alone for you to mingle with.

This Ebook had a tremendous potential of touching excellence.

-The bonus content it's a different method but connected to the first method and you can combine them both.

-If you have some free time, you know a bit how social media works and you are also creative (not Da Vinci), I would say this Ebook is for you.

-A PayPal will be necessary, other types of payments will depend on the customers, 90% of them will have a PayPal.

About the seller:

Spoiler ([Click to View](#))

7/10

This grade could've been higher but it doesn't have many interactions inside his thread - the thread

is released quite recently.

- I would say 20\$-25\$ it's a good price for what the seller has to offer.
- The ebook is well written, well structured.
- Doesn't say much about what he is selling, except it brings money.

Doesn't provide legit proofs of earnings.

The release was fairly recent, nevertheless, doesn't have any complaints or refund requests.

This grade reviews his way of advertising, addressing to potential customers, his behavior and his way of convincing them and the connection between him and his ebook.

5 Products Reviewed!

This was supposed to happen at Ribbonz review, but due to obvious reasons I could not rate his ebook. Once 5 Reviews there will be star ratings for each product (Money-Making). Would be something similar to Marketplaces such as eBay. These stars will be a good way to compare a product from other in authenticity, efficiency, uniqueness, pricing and writing, since I got the original products and I know what each one it's capable of.
