Thread: [Predator's Complete e-Whoring Guide \(KiK\)](#)

PREDATOR - June 25, 2017, 10:48 am

What is e-Whoring?

e-Whoring is an online black hat technique for making money. Basically what you will be doing is pretending that you are girl. You will be selling nudes to guys online in different chat rooms, in this case, KiK.

What will you need

- An older version of KiK (6.6.2) with Fake Camera application -OR- a modified kik app with a built-in Fake Camera. The best to use is K+ (kikplus) or Lynx.
- An eWhore pack
- Traffic
- A sad story
- Your whore profile
- Social Engineering skills
- Time and patience
- Photoshop skills (optional)

Traffic

Even if you have the most premium and unsaturated eWhore pack, you won't make a dime if you don't have good traffic. Good traffic is the key to eWhoring success.

Most of the already known traffic is already saturated, but you can still make good money off it.

Some of traffic sites for kik:

kikhorny.com
kiksexting.com
kikfriendfinder.co.uk
kik.me
sexting.com
findkikfriends.com
kiked.com
sextingforum.net
sextbuddies.com
kik-sexting.com
hornysexting.net
localsexting.com
kikusers.com
kikfriender.com
kikfinder.com
sextfun.com
sextingonkk.com

-Now, I like to divide traffic into 2 groups.

- 1) Forum-based traffic
- 2) 'Spamming username' traffic

Forum-based traffic is pretty much like HF. You post your own threads, while in spamming username traffic, you only put your username and horny guys kik you. The advantage of forum-based traffic is that you can put all your prices, rules or whatsoever in your post, while with the other method you will need to keep repeating your prices to people messaging you, which can

cause your kik to crash and log out.

-So, these sites that I gave you are already pretty saturated, but it's a good start. You can eventually move to porn sites, comment on new videos that you are selling nudes, or just try to find something by yourself, the internet is an enormous place.

e-Whore pack

This one shouldn't be a big problem.

You can get eWhore packs 3 ways:

- 1) Find a free one on this forum with a simple search 'eWhore pack'
- 2) Buy a premium, unsaturated eWhore pack on HF.
- 3) Make your own pack (the best option) - A quick guide to do so ~>

<https://hackforums.net/showthread.php?tid=4954491>

-Look out for packs with alot of verification pics, because serious buyers will ask for them.

How can you get paid

PayPal and Amazon Gift Cards are the most common payment methods.

Be sure to have 2 PayPal accounts. One for your eWhore (DO NOT USE YOUR REAL INFORMATION ON YOUR EWHORE PROFILE) and the other one, your real PayPal. Why? Because you can send money from your eWhore paypal to your real paypal and withdraw the money. Or you can just use one paypal, the ewhore one, and use it to buy stuff online.

AGCs - You can simply buy stuff online and get it shipped to you or exchange it here on HF for BTC/PP/ETH/WU etc.

I personally use Western Union too. WU is cash pickup. Your buyer registers on the Western Union website to send you money. He will need your REAL NAME, SURNAME AND COUNTRY (and you will need your ID to pick up the money at a WU location-bank, post office..). After he sends you the money you will need his name, surname and country and the transaction code he receives after sending. DO NOT SEND HIM ANYTHING UNTIL YOU GO TO YOUR WU PLACE AND PICK UP THE MONEY, BECAUSE HE CAN CANCEL IT BEFORE YOU PICK UP. Be sure to check the status of the transfer to make sure it went through. Just google 'track a transfer WU'.

OR if you want an alternative way to cash out your earnings, you can exchange Paypal and AGCs for BTC here at HF in the Currency Exchange section, then use LocalBitCoins to cash out to your bank account (watch out for scammers at HF)

eWhoring methods

Direct or indirect way.

Direct way is that you go in straight for the kill. Tell them immediately that you are selling. It's basically a buy/bye situation.

Indirect way is that you first chat with your potential customer for approximately 15 minutes then tell him you are selling nudes for rent, food, school fees etc.

Timewasters

These are the signs that someone is a timewaster, and that you should IMMEDIATELY block him.

-I first need to see you naked to see if I want to buy you'

-'Send a picture of your feets first'

-emojis in name

-Indians

-Names like "Tony loves fucking" "hornyjohn" "696969" "send nudes" "chatwithme69"

"bigblackdick"

-Bodybuilders in profile picture

-'I get paid next friday so can we chat till then?'

-Send me the stuff then ill pay you

-Send 3 nudes for 500\$

-Lets trade first

- Rate my dick first and ill buy
- Keep asking for previews after you send one.
- Dick pic = instant block

Verifications

You need to have verification pics because alot of buyers will ask for them before buying.

Most common are : piece sign up, tongue out, name on paper, 1/2/3/4/5 fingers, hold a spoon/fork, middle finger, hand on forehead...

For writing their name on paper, there is a method that works 90% of the time for me.

You need : 1) Paint 2) Photoscape 3) A brain

Use paint to write their name on the paper.

Then open Photoscape editor, and use Region(out of focus)-Blur tool to make it look real.

eWhore profile

You will need a profile for your whore. A name and a sad story is mostly the things you need. You need to get your customers to feel sad for you and help you out and send you money.

Basic chat logs

C - customer |||| Y - you

INDIRECT WAY

c: hey babe x

y: heyya!

c: what you up to?

y: oh nothing too much, sitting, bored, u? x

c: just bored and horny hehe

y: that seems interesting babe xx

c: yea baby. so what u into?

y: oh anything really, i love trying new stuff

c: thats hot!! :O

y: Yeah! Anyways, these days im feeling abit down and depressed

c: whys that babe? can I help?

y: Well, I lost my job because <insert reason here> ... now I can't pay my rent and im gonna get evicted!! :(:(

c: Wow that sucks!!

y: Yeah.. so im selling my nudes, are you interested for fun?

c: hmm sure why not? prices?

y: 20\$ for 15 nudes, 50\$ for 40 nudes, 30\$ for one video, 50\$ for sexting with lice pics for an hour, 35\$ for regular sexting...

c: nice offers! can I see proof u are real?

y: sure here you are sends live pic

c: damn thats hot!!! how do I pay you?

y: I prefer paypal! heres my adress use the friends and family option so I have no fees baby

c: Sent!!

DIRECT WAY

c: Hi

y: Hi, I'm selling my nudes! You can read my rules and offers in the post!

...

eWhoring is becoming saturated more and more everyday. BUT IT WILL NEVER, EVER DIE. Just think outside the box, be persistent and money will flow.

FAQ

Q: Can I get legally busted for this?

A: No.

Q: Can I make a living off this?

A: If you are really good at this and have your own methods, then yes.

Q: AGCs are not arriving, what should I do?

A: AGCs can be a bit delayed. But DO NOT send anything to your customer until you received the card.

Q: I keep getting logged out of KiK and my chats are getting lost, why?

A: This happens because of kik's new antispam filter. You're not the only one and you can't stop it.

Q: I'm out of pics and my customer wants to buy more.

A: Create a new profile and ewhore him again with a different pack.

Q: What are sugar daddies?

A: They are the best. They are usually rich and do not ask for much pics. They will send you money basically for nothing, all you need to do is give him attention. They are pretty hard to find and I'd say chances of getting one are 1/10000.

Q: Should I scam them?

A: Absolutely no. You are ruining everything for yourself and for the rest of us.

Q: Someone bought my pics but they are asking live pics that I can't deliver. What do I do?

A: Not much you can do, try to SE your way out of this one, send other nudes you have or just block him.

Q: Someone wants to buy me a plane ticket. What now?

A: Most of these guys who want to meet up are fake. But if he's real, try to somehow get him to send the money so you can buy the ticket directly. Remember, you are in charge not him.

Q: Someone is asking me for a verification I can't deliver. What now?

A: Well, try to somehow SE your way out of it again. Not really much you can do. Just move on.

Q: I sent him the nudes but he busted me.

A: Block him and move on.

TIPS

You should charge your proof previews for 1-2\$ to make sure you are not dealing with a timewaster.

Getting faithful buyers is tough, having to deal with timewasters is tougher. Sugar daddies are the way to go.

Have a lot of unique offers in your post so customers have a variety of stuff to choose from.

Keep your prices high.

NEVER EVER SCAM.

Practice your communicating skills everyday.

Change your whore every month or so.

Constantly search for new methods.

Don't talk with minors.

If another seller messages you, do not reply, they are most likely to waste your time.

If one potential customer asks you to send a few usernames of past buyers so he can ask them if you are real, DO NOT DO IT. There is a high chance that that 'customer' is another seller in disguise, trying to get real seller usernames.

If you find a good method, keep it to yourself and do not saturate it.

Do not post offers you cannot fulfill (dominance,camshows..)

Good tip is to try to double-dip your customers. You can make your own way to do so or follow some guides here.

These are general,basic tips. Ofcourse I am not gonna share my own methods.

Thanks for reading and I hope this helps someone!

GotBarz - June 25, 2017, 10:56 am

Nowadays everyone on Kik is used to the sad story. You should just directly say you're selling. Good guide besides from that.

You should still need to have a sob story with the direct method if you want to keep on milking customers.

Reyyzan - June 25, 2017, 2:47 pm

You're both right but I think it's better to say that you're selling and instead of saying "I need money for the rent" say something like "My friend needs money" (if needed) so you can even double dip with 2 different paypals

@Predator good guide, I hope this will help some people that are new to e-whoring !

Thanks for the amazing tips, hope you good luck and a good day!

OP is a very kind one and even though he hasn't given out any specific methods (gave reasons why) he has still given very good tips for new people me being one of them. That isn't all if you have a question he will help you vouch for legitness.

This is something I thought about doing before but never actually tried, the reason is because I had people paying only for the very least I offered them, and I didn't want to give up one some easy 15 or 20 bucks by scaring them with paid previews, but I can see how it can be useful in some cases, I'm going to use this a few times, thank you very much for the tip and the other ones too, the guide is very well written and even if I don't use Kik myself it explains the concepts in a way that who is new to eWhoring can understand where to start.

FAQ

Q: Can I get legally busted for this?

A: No.

eh my dude, Depends on where you live.

Human exploitation//Impersonation//Social Engineering// And a few other examples are/is illegal in many countries.

Chances that you'll get busted by feds/officials is slim - just be smart with what information you use. Chances that you'll get busted by someone you live with (eg: parents and siblings// roommates) is a 50/50 chance - Again, Just be smart about it.

Finally,

"Q: Should I scam them?

A: Absolutely no. You are ruining everything for yourself and for the rest of us."

Please no scammerino, It saturates the "trust" of the customers in the eWhoring game - resulting in less customers, less profit (Also: It might make verification//packs//methods a tad bit more expensive [Start-up captial etc.])

OP please add this to FAQ

Will update alot of things tonight. Ill take consideration of this though. I don't think anyone got LEGALLY busted for this. Ofcourse, eWhoring in one hand is illegal but I don't think police will do anything about this, but thank you!

mawrek - August 4, 2017, 5:50 am

Dude! That's a fantastic guide, I wasn't aware half of those stuff. Thank you for pointing this out, much appreciated.

One more question: should I ask them "how much are you willing to pay?" to give them a psychological "freedom of choice" so that I can be sure they want to pay, or should I force the price like "it's \$20 minimum."

Also, what price do I set at minimum?

Project2501 - August 11, 2017, 6:11 am

Thanks man, your guide is really great for a starter like me. Really helps alot !

dab_4_hitler - August 11, 2017, 8:09 am

Thank you for the tips. I really like the make your own pack methods.

Btw, do you think getting paid on paypal, then buying a amazon voucher, and then turning that to bitcoin in order to avoid paypal limited is a good idea? Or even viable?

Cayten - August 26, 2017, 5:35 am

Search for free pics with verifications.

But in order to get really unsaturated and premium pictures you should buy a pack
