Lucky product I review TODAY?

[Make hundreds selling cheap games / Seller Should Have / 100% REFUNDS .\[G2A featured\]](#)

Released by [MR. Reviewer](#)

Does the seller have a history of scams or disputes?

At the moment no issues with the seller.

Q&A

Q:Is this Autopilot?

A:You have to search for the games. After that you list them on G2A!Here it becomes autopilot because you're going to WAIT!You still need to keep an eye out on the games prices because they can inflate or reduced at any time!

Q:Is this simple to do?

A:Yes, it's quite simple, does take a bit of time at first to accommodate yourself!BUT! THIS IS A BIG BUT BUT I'LL LIST IT IN THE LOWER SECTION AT THE PRODUCT! KEEP READING!

Q:What investment would you recommend?

A: I would say (my personal opinion of course) 100\$.

Q:Is the seller nice, offers support?

A: I have not requested any support yet.I would say the seller is OK (so far) and seems to want to help people that are asking about his product.

Q:Is this saturated?

A: I would have to say yes. When you list a game there will be more sellers you'll have to compete with, I suppose that's how the market works everywhere...

Q:Any complaints or refund requests?

A: Not yet.

7 /10 PROS:

- You can definitely earn money with this I have invested around 15\$(SO I can pass the refund policy Mister Reviewer has set) and sold only 1 game on G2A(the other I sold on Kinguin more details about this on My Experience section KEEP READING)
- The excel files are very handy and make you keep track of games you sell and can always see the profit.
- If you are new to this this and you've never sold games before this is very good way to start making some money!

CONS:

- The payout takes time, I have sold 1 game so far and you have to wait 14 days! 14 days to payout!I don't like this.
- Every time you list a game on G2A they request verification pictures! You have to send them a picture with different stuff.
- You have to compete with other buyers! Games change their price and reduce a lot sometimes.
- Takes some time overall and G2A is a lot of FUSS.PATIENCE is the key word here.

8 /10 PROS:

- Has a video tutorial with his Excel files and earning proofs on G2A.
- Has a GIF proof with his earnings on G2A
- Has few vouches(not a lot)
- The ebook has 14 pages well written with a lot of pictures.
- I like the fact that it clearly STATES WHAT he is selling. There is this guy I have bought from(do not worry a review will come for you too) MilkBones money making ebook which has 100 methods and 0 working ones.

CONS:

- Not many vouches
- Most of his sources can be found if you google the right keywords a few times and pay attention around!Again, if you are new to this this can be a great product for you.

OK SO the situation is like this:

I have bought Feist and Californium and Borderlands.

FEIST GAME:

Feist price was 2.99€ on his source.

Feist cheapest price on G2A at that time = 7.99€

Nice profit Ey? Well EH NO,It's not all that pink!

For HOW MUCH did I list it on G2A?

7.89€ ->

WHATS THE LOWEST PRICE ON G2A RIGHT NOW? -> 2.99€

Exactly, the price dropped to 2.99€ in a couple of fkin hours.

Now here is the thing about Ebooks and not only about anything rly,

YOU HAVE TO BE SMART. TRY TO OUTSOURCE AND THINK OUTSIDE THE BOX.

DON'T ACT LIKE A ROBOT AND DO EXACTLY WHAT THE EBOOK SAYS.

I have CHANGED THE LOCATION WHERE I COULD SELL THE GAME.

I listed it on Kinguin,seeing the price was soo reduced on G2A. And guess what?I got a sale in the first couple of hours(the profit was a lot smaller but still a profit!)

0.50€ profit.

CALIFORNIUM GAME:

Californium price was 0.50€ on his source.

Californium cheapest price on g2a at that time = 1.48€

The game was sold in couple of minutes after I listed it.

Profit 0.50€

BORDERLAND GAME:

I have bought this game from G2A to resell it on G2A.

BUT GUESS WHAT? G2A DOESN'T ALLOW YOU TO BUY GAMES FROM THEIR WEBSITE AND RESELL THEM ON SAME PLACE. BE CAREFULL.

I hope you guys enjoyed my Review. EXPECT MORE!AND REMEMBER YOU CAN CONTACT ME IF YOU WANT A LEGIT 100% TESTED 100% AUTHENTIC 100% VALUE WITH PROMOTION REVIEW!!!! ???

Wait so Mr. Reviewer is reviewing other peoples products while selling his own?

Oh this just got interesting.

Meow - June 26, 2017, 4:00 am

So it's basically just reselling games? Buying them for cheap and selling for profit?

The irony is that in the very sentence you claim perfect grammar, you murder grammar.

Now, since you closed the last topic, I'll answer you here. Your main concern is? We receive the products and leak them or re-sell them?That's a risk we all must take at some point, trusting someone. Now, I've reviewed around 20 products and I can promise you none of them is selling even 10% of what I do.Not even close.

Siciliano - June 26, 2017, 4:48 am

Looking like a very useful and trustable service. Thank OP ?
