I have one of these that I bought from a legit store in town. It still has the sticker on it saying I bought it for 104 USD.

I'm willing to let it go for less; Also looking for YOU to pay shipping.

Anyone truly interested should PM me if they want pictures and such.

This product is unused, unopened, and ready to be packaged.

Possibly interested, not entirely though. What are you looking to get for it? \$104 USD + Shipping?

Nah. I'm gonna find out the cheapest way to ship it safely and go from there atm. I won't ask 104. If I can come out feeling good after shipping I'll be alright. :p
