Do you have any examples?

Gangin' - June 26, 2017, 5:37 pm

If you want something to start off your portfolio, you could make me a vector art avatar that has to do with gang life, drugs, trap music, or etc

My current avatar is nice but I'd like a logo/vector art over what I have now

GL, welcome to HF

few questions: 1. do you have examples?
2. would you do a 100% custom logo? (sizing, style etc)

-888- - July 17, 2017, 1:59 am

1. Logo
2. Can you put any type of cool background?
3. Text : ACES

stiflex - July 18, 2017, 2:27 pm

If you could enable to receive pm's I'd hit you up with my request if you're still down for it

Im C O T W - July 19, 2017, 9:01 pm

- Order Template-
- Youtube, Twitter, Instagram, Facebook, Hackforums, KIK, ETC- website
- Banner, Logo, Signature, Header, Thread - Header/sig
- 2D or 3D - you choose
- Details you want on your order- needs to be 960/100 (header) or 512/512 (logo)

If name/banner could say Larmac it's a logo/banner for a property maintenance/landscaping business.

Thanks in advance.
