Thread: [Best Facebook automation in your opinion?](#)

Camf ? - June 26, 2017, 8:02 pm

So I'm am thinking about getting FaceDominator, But if anyone else has any suggestions for facebook automation i'm open to whatever ?

I'm looking for a \$20 budget?

The main thing I am looking for is an auto poster to groups. But I enjoy being able to use multiple accounts at ounce and interact automated

I ended up purchasing a month but If I find something better id change ?

Check NinjaBlaster. It has 3 days trial.

Also, I had made purchases from dominatorhouse before but I found their support a bit slow. What are your experiences with them?
