BEFORE YOU READ THE REVIEW

Spoiler [\(Click to View\)](#)

-You must understand that the reviews I make are from my point of view.If I grade 3/10 that doesn't mean the method itself is bad, maybe for other people that method is 7, so keep this in mind when you're reading my reviews.

-My reviews will probably piss off many people and break some of their businesses ...or raise them.This means I will not debate with the sellers whether or not my reviews are accurate.Unless there is really something wrong I won't recheck my analysis.

-I review good and bad products, not only bad products as some of you may suspect.In the end, remains the decision of the reader if it's bad or good.

FAQ

Who am I?Spoiler [\(Click to View\)](#)

-A random guy that bought dozens of methods in the past few months from HackForums Sellers, and with disappointment, I announce that 90% don't work or they require insane hard work to even get them started. Highly "vouched" methods, with "valid proofs" from so highly upper-class "highly vouched members/old members" or how you want to call them, methods that look good on paper but on practice leave you with a sour taste in your mouth and with dust in your wallet.

-For those that keep asking me, "who I am and how I buy for months but my account is only for a week". I've been on hackforums for awhile now, my first account was around 2009 but was disabled due to inactivity. I kept coming back.Never engaged in topics too much.Until 1'st May when I decided I should make reviews about products.

What I'm going to show you?Spoiler [\(Click to View\)](#)

Few angles to look at when you're buying a method and few insights of what each method consists of.

I will keep this short and say this - you don't have to become an investigator but in the end is YOUR money and YOUR time you're going to throw at a random guy that promises you the moon.

REVIEW:

Vouches:

Spoiler [\(Click to View\)](#)

0/10

Nothing to analyze.

Doesn't have any vouches.

Vouches such as "Vouch for X, he always has great products!" , "You can't get wrong with X!" , "I vouch for this guy he knows what he's doing!" , "I tested out this product, it works! Great Product!" are not taken into consideration. Vouches without legit-proofs are not taken into consideration. Text-proofs are not taken into consideration. This is a community and in the end people connect to each other either by friendship or a common interest they'll provide a vouch.

Profits:

Nothing to analyze.

Doesn't provide any proofs earned from his own methods.

Methods:

Product:

Method 1#:

How much investment does it require?

Minimum of 3\$ is required.

Description:

-Reselling.

-You'll have to go on places and sell this. The seller provides examples where.

Time:

-Requires searching for possible clients. The seller provides the - Marketplace where to sell this.

-You can also decide to invest a bit more money(nothing extraordinary) and outsource and provide your own traffic so to say. But this will require time, effort and a bit of creativity.

Personal review:

About the product:

Spoiler [\(Click to View\)](#)

6!/10

("!" means it's a forced grade, in our case forced 6)

-It can be profitable but the more people will know about this and be doing it actively the harder it will become to sell and perform.

-You're going to search for more Marketplaces on your own, the ones the seller provide will not be enough and it is very popular one so the competition will be present.

-As long for the uniqueness, I have reviewed around [20 products](#) so far and I have not seen this method before.

-Having a debit/visa card is recommended.

-You're most likely gonna need more emails. However, there are free sources you can find for yourself.

-Provides you the sources where you can host your Minecraft server for a cheap price.

The hosting will be based on some coupons, he also provides you a place where you can buy those coupons.

-You don't need the game at all, so do not worry about that part.

-A bit of creativity will be required, nothing too hard.

About the seller:

Spoiler [\(Click to View\)](#)

8/10

This grade could've been higher but it doesn't have many interactions inside his thread - the thread is released quite recently, plus doesn't provide any earning proofs from his own methods.

-What he offers that's what you get. Everything to a tip.

-I would say 5\$ it's a very fair price for what the seller has to offer.

-Doesn't deceive his customers with false advertisement.

Doesn't provide proofs of earnings from his own method.

This grade reviews his way of advertising, addressing to potential customers, his behavior and his way of convincing them and the connection between him and his ebook.

Top Tier Review from a Top Tier Reviewer thanks man!

RBH - June 27, 2017, 8:28 am

Can you explain why it is a forced 6?

(Jun 27, 2017 08:28 AM)RBH Wrote: [\[CITE\]](#) Can you explain why it is a forced 6?Because initially, it was a 5.5~?But because I have not seen it before I said a 6 it's better than a 5.5. I will use more often these type of grades.
