Thread: [Chique \[3301284\] Threats against members](#)

Nutsy - June 27, 2017, 11:01 am

I sell an IG ads method that has been selling really well. this user wanted to screw me over for some reason so he claimed my method was public. He also pmed me this:

I believe threatening members is against the rules :(

Chique - June 27, 2017, 11:03 am

i'll have someone confirm who has bought his method that the shit he sells is literally almost the exact same.

goodluck with your witch hunt of trying to get me banned while stalking every single post I make.

goodluck with your witch hunt of trying to get me banned while stalking every single post I make. Its not. I can let minimalist compare our two methods.

I had someone you gave the method away to pm me it

Frankly it looks like you instigated this.....

This alone is Rep Coercion. Forward the PM to Omni then sit back and enjoy the repkill/ban Chique will receive.

Any rep is valid as long as he's not calling you a scammer, or the rep is harassing. ? Oh, and if he's selling a public method, that's a valid reason for a community alert. Which I would recommend exposing if the allegations are true. ?

I can see how, but hes been pming potential buyers to tell them to not buy. Hes been posting on my thread etc. I told him its not and repd him because he was selling the method for 10\$ before he gave it away.

Tenseigan - June 27, 2017, 11:05 am

I agree with OP I've seen his Ads method and is not saturated. Hate to see a private method go public. Good Luck OP.

Fair enough, not a lot of info was provided in your OP, and looking at the rep you left him, I can see why he sent that PM. Regards Wires and others are right, its a rule violation.

Does not matter who started it or whatever transpired. This is a definite rekill. Forward it to omni and Chique will definitley be dealt with.
