Thread: [Made beat, wonder if anyone wanna rap over it for fun](#)

So I made a dark-ish beat. 3 verses (basically when the bass kicks in until it goes back to the melody is where the verse is). You can rap on one or two, idc.

I don't care if you never rapped before, if you wanna try, just PM me what you got.

Should be dark themed. Like lyrically. No happy shit, make it sad.

Damn dude, this beat is actually great. I'd save it for personal (licensing) future uses rather than publishing it on HF for the world to grab.

Considering it's made from loops I'm not gonna monetize it.

Does the beat have a bit of distortion on it?
Or has my earphones bit the dust?
Great bass-line though, shame.. I can't rap for shit!
