Thread: [Top Quality Betting Service - \[Much Winnings, Big Profits\]](#)

Hello, I've been into sports betting for a couple of years. I firstly started as a fan, betting to have more fun watching the games, later I decided I'm good at it and started doing it professionally. So far I am betting daily on any games (mostly soccer).

What do you receive when you subscribe ?

- A daily ticket with average odd around 2
- Bank management (some games would be played with lower stake, some with higher, it depends on how good the chances are)
- Full support if you are new to betting
- Various games to be bet on (E-sports included)
- Insider games (only when the source is really secure)
- Serious & Responsible Tipster (I hate when people go greedy on gambling and loose much, when it's way more easy to play it steady and win more)

Here are my last bets this month as I was on a summer holiday:

My prices are the following:

- 1 Week- 15\$
- 1 Month- 35\$
- 1 Year- 150\$

What are your win rates and what do you bet on?

I would say about 75-80%.

I manage to double or triple my bankroll every month.

The worst I go is make my money double
