My brother makes them, so i don't need to order them to get my own design.

I'd post what he made for me but it's in my language basically saying "Firefighter Paramedic" along the back and a Medic sign on one sleeve and a logo of my Fire department on another.

No lol, you just need a machine and some foil that's made for Shirts.

relaxsob - June 29, 2017, 12:15 pm

you can buy your tshirt with our design at teespring
