How do i setup an account on your site, cant see the signup option

Southside - August 9, 2018, 8:51 pm

Hi,

Shouldn't 1000+ 12m plan costs less than paying three plans of 300+ 12m for separate?

Even adding 100+ will cost less than just ordering one plan of 1000+

Dont try to trash, just asking as seems strange to be more expensive(when usually should be a offer).

Mindfreak - August 28, 2018, 8:11 pm

Hello,

I have a couple of questions regarding this.

- 1) How will the traffic come? By searching some keywords in the google or directly jumping on the website?
- 2) If I will create some website. Is it safe for Adsense to get suddenly 300 visits per day in the start?

Might be interested, Let me know please pm me your response.

Thankyou

Traffic is usually direct, we can target keywords for your website which can help with SEO.

We would advise against doing this with any new website.
