Thread: [Selling YTMonster Account \(YouTube Views/Subs/Likes\) \(13,000,000+ Credits w/ Premium\)](#)

RealSwaqqer - June 29, 2017, 11:20 pm

I am selling my YTMonster account with currently over 13,560,000 credits and a newly activated premium membership (30 days).

PM me for more details, I will show all the proof needed.

1,000,000 of their credits are \$1,000, so \$1,000 times 13 obviously equals to \$13,000

Prices can be discussed via PM's and such.

The credits are used for such things as getting YouTube views, likes and subs. (13,000,000 of these credits can get you around a couple million views, however I wouldn't waste it all on views lol)

They have a comment system for YT but it's not up yet, don't know when it will be.

If you want YT views, likes subs, 13 million credits is MORE than enough for that.

Having the premium feature unlocks the ability to block proxies while adding the views meaning you have ACTUAL viewers which in turn increases ad revenue dramatically by Google AdSense.

Allow me to specify this in the thread title.

The owner of that site is a member here. I'm not sure if he'd be fine with you doing this. Lol

Since the credits was worth \$13,000 I hope this was sold for atleast \$2,000 (I am not even kidding

13,000,000 points can give you 170,000+ REAL Subscribers

Just selling this could give you over \$5000+ Profit as this is real subs.
