Thread: [VPN CONTROL PANEL - CUSTOM - AUTOBUY - SECURE - TCP SOCKETS](#)

HDPixel - June 30, 2017, 9:20 am

Hi,

i'm offering my service once again, creating vpn control panel's from scratch.

current list of features i have created on other panels:

- Bandwidth Accounting
- Autobuy (PayPal, Bitcoin, Stripe[Credit/Debit Cards])
- Connection Limiting per user
- Anti DNS Leak
- Automatic Port Forwarding
- Full Admin CP (Manage Users, Manage VPN Servers, Support Tickets, Manage News, Payment Logs etc etc)
- Bandwidth Limiting (Provide free users 500mb per plan etc)

Control Panel's start from 100\$ depending on what you want.

i can code essentially anything you want for the vpn control panel so if it's not listed not to worry.

hit me up on PM if interested, first come first serve.

HDPixel - July 1, 2017, 11:08 am

Hit me up if you are interested!

i can do smaller coding jobs for control panel's as well, not just full systems.

from adding bandwidth accounting to creating full on automatic WHMCS modules.

Hi interested can I have some demo site sir...
cyberwap05@gmail.com

yaj05 - July 29, 2017, 8:44 am

Please send me an email I cant reply to pm

jhaxun - August 6, 2017, 11:22 am

A demo site will be good sir, so we can check it out first.

PhantomCode - August 30, 2017, 1:44 pm

Please could you send me some examples of the panels you have created i am looking to get into this area

PhantomCode - September 5, 2017, 3:21 pm

Any updates here has anyone had a panel from him?

Internet Security - September 6, 2017, 7:29 am

OG Service i will certainly come back and visit this thread in due time!

revolver007 - *September 20, 2017, 6:44 am*

I would like to say that, I was very impressed by his service, he definitely knows what he is doing and provided me exactly what I asked, he was even kind enough to let me watch him do all the steps, very impressive I hope you get more sales :)
