Prices are negotiable starting from 10k+

TOS:

-No drivebys/exploit packs/site that would get the visitors infected

Failing to abide by the TOS will result in me keeping your money without delivering the views.

I think you made a mistake in your rates:

5k hits for \$3.50

10k hits for \$8

Buying two sets of 5k hits would only be \$7, whereas buying 10k hits straight out would be an extra dollar.
