Thread: [PRIVATE INVESTIGATION SERVICE - Dox Anyone | Accurate Results | Advanced Techniques](#)

StackFramed - June 30, 2017, 9:20 pm

FREoUENTLY ASKED QUEStIONS

Spoiler ([Click to View](#))

Can you find X person with X amount of info?

This depends entirely on your target. When submitting a request you should give me everything you've already gathered. Even the slightest little detail can help during an investigation.

Can I pay with PayPal?

You may pay with Bitcoin (BTC) or Bitcoin Cash (BCH).

How long will it take you to finish?

This depends entirely on your target. Some people are harder to find than others. It can take as low as a couple hours to a couple days to complete a full dox on your target. I cannot make any guarantees.

What if you can't complete the dox?

If I'm unable to find anything on the target then you'll receive a full refund. However if only some invaluable, insignificant details are missing then you'll be partially refunded according to what has been found.

NightForce - June 30, 2017, 9:21 pm

Can we order certain things? Like my ex girlfriends number so I can text her drunk at 2:00 AM again?

Giga - June 30, 2017, 9:26 pm

If you can dox Mr. Robot I'll pay you \$1 million. I have nothing against the guy but you said you can dox anyone and he just seems undoxable. ?

Best of luck with your service!

Drug Problems - June 30, 2017, 9:27 pm

You may want to offer vouch copies or offer a portfolio of your doxing so that people know you are capable and aren't afraid to buy.

Anyway best of luck hope you get good sales!
