Doesn't the giveaway have to be ATLEAST 5\$ as this could be seen as rep farming?

Spoiler [\(Click to View\)](#)10. All money giveaways must be at least \$5 per member and be in crypto currency only.

Im not even out for rep(the reason i put l33t/Ub3r] is cus of people with 1 post coming here wanting stuff), i simply quit the game and is getting rid of my items.

It giving away something is against the rules, be my guest and lock the topic.

Skins sent to people that wanted so far and pmed me :)

Read before you post.

OP did not say "I'm giving away \$1 to everyone", whereas this rule would apply to him.
He's simply giving away game items.
