I'm using <https://www.random.org/> to select two random numbers, and then I'm simply just finding the one closest to it. I will provide screenshots of me doing it.

Number 786 for me.

Thanks in advance brother.

**Wompus** - July 3, 2017, 7:06 pm

First winner is ItzClideFrog, the first number picked was 70, and Kermit chose 69

The second winner is BR?ND?N, the second number randomly generated was 937 and he chose 950.

.

The winners will now be PM'ed and have 24 hours to claim their prize.

Edit: Accidentally called ItzClideFrog, Kermit the Frog due to his profile pic
