Thread: [Scammed by Billie Joe \(\\$525\) - UID= 2052441 // Multi-Accounter](#)

Compulsive - July 3, 2017, 12:31 am

I am going to break this deal dispute into 2 sections, where the second part will be the actual happenings between me and Billie Joe.

[Billie Joe](#), although not confirmed, has a lot of evidence against him that "Joe#9219" on discord is both Billie Joe, and [Incapability](#).

We can start off with proof that he is Incapability.

Spoiler ([Click to View](#))

<https://hackforums.net/showthread.php?tid=5637198>

Now, how can I tell that he is not just Incapability?

First off, he tells me that he does not have a current HF account, and that he "vacay banned" himself, shown here:

<https://i.gyazo.com/c525391d9042dff5f4a6a687d55655b7.png>

This obviously shows some secrecy going on. Why wouldn't he give me his banned discord for proof of an HF account? While looking at the SheepGang Discord Server, I noticed something. He sent this in the this in the chat on June 1st:

<https://i.gyazo.com/1e9c15cb82e9ad5c75bf2a07cd995180.png>

(Gyazo of picture posted in Discord: <https://i.gyazo.com/7915626dbbb0f4e0af6772538563221a.png>)

This picture shows that he is on another account, meaning he already made another account or has access to another account. But, he asked the same chat later 3 days later if he should make a new account on June 4th:

<https://i.gyazo.com/00222049117414a081f9524805f393cf.png>

This shows that he already had another account and had no reason to be asking to make a new account.

Moving on with proof, while doing some digging, I found this post from Billie Joe dating 2 years back.

<https://hackforums.net/showthread.php?tid=4030152&pid=38141888>

In this thread dating back to 2014, his location shows New Zealand, and that he is 15 years old. This lines up with him not being 18 yet, as he said in a different Discord channel:

<https://i.gyazo.com/f55f3c9573175c77eda0ace5492c50b7.png>

and that this Joe on Discord does live in New Zealand:

<https://i.gyazo.com/099941dd7d951ff5cb79a0f48f99db73.png>

<https://i.gyazo.com/9613f6c2e39791f4b8b5b56cbad63317.png>

Now, Billie Joe loses 2.6k in a scam report on June 15th. Reading through his scam report, it shows that he had posted a Reddit thread, where the OP says he is from New Zealand.

https://webcache.googleusercontent.com/search?q=cache:EviCHvDob78J:https://www.reddit.com/r/canada/comments/6kmq3s/scammed_usd_2600_by_canadian_national_what_are_my/+&cd=1&hl=en&ct=clnk&gl=ca

The same day as he gets scammed, he starts asking our Discord if anyone would like to invest in a BH investment, for around \$2k.

<https://i.gyazo.com/81f62731c20115f7d0fd137fa0a06e98.png>

He then offers me a different method for \$350, which I would jump at.

We agree on \$175 before, sending the method, and then the remaining \$175 after the method is sent to me.

<https://i.gyazo.com/bf0c8101131ea156a251e644908b3411.png>

<https://i.gyazo.com/3757e425c548a688cbaaae54d704abfc.png>

My proof of sending:

<https://blockchain.info/tx/d4fef79688717a1872dd84ee7153f60c4d1dad0b07765fd130d15cb7029de89c>

To which he claims he does not receive the payment.

<https://i.gyazo.com/44a5c68bf10d3ebd28d919eea8dc9b6c.png>

(picture in screenshot: <https://i.gyazo.com/8f5ce65c390069a252bc53f0835d519e.png>)

I send 2 bucks to test the new address he gives me for me to send funds.

<https://i.gyazo.com/08e8a2bad896f5564074e9a01bee6d48.png>

Second payment after I still try to make it work as I desperately want to make money back that was "lost"

<https://blockchain.info/tx/4f202af32f5f2e5479650953578f48d08986f9ee8e87337ae72cfae148d58bbf>

What he claimed:

<https://i.gyazo.com/4573d43c726de2a65541ec4378e05695.png>

link: <https://blockexplorer.com/address/1EFvRrRaFuVX957B3V8fExKhuY3of9CANU4>

and we can see in the link that my second payment did in fact show up.

That is the second \$175.

Now, I get [Who Soup](#) and Joe in a new Discord, so Who Soup can facilitate and act as a middle man and consultant for this deal.

<https://i.gyazo.com/96cd12e5e3b34b065fa791999b783369.png>

To which me and Joe continue, and ultimately decide for me to send last \$175 I have to the wallet for the website for the product in question, and would be returning the money after he uses his method.

Him saying the address:

<https://i.gyazo.com/c593f073e5a4201e1bfbd257135680f6.png>

My payment:

<https://blockchain.info/tx/ee5298e29dd6729025231dfc06ef17dd25d4097bb2dbe793e5fa7b72dfa1fc45>

His claims:

<https://i.gyazo.com/20cac47ff973a5359f40ae7e93b86147.png>

Now, many days pass where he does not send me proof, in gif form,

<https://i.gyazo.com/3e6331e497117f82a2480144b6732d5f.png>

and he has still not send proof.

<https://i.gyazo.com/b08371a10a11b1572facfee1de030588.png>

<https://i.gyazo.com/c579270d63caa0605bd119f495434cbf.png>

To recap, to recoup the losses of him being scammed, he was trying to scam other members on a discord account that he tried to not associate with his HF account(s).

Please leave personal opinions out of your replies. Anyone who has also been scammed by Billie Joe offsite please PM me so we can chat.

I was approached on discord to help find a solution over something that seemed like it was a misunderstanding.

Unfortunately we weren't able to come to a conclusion. As I said a lot of times I'm just hoping that you guys can settle on a deal that both of you can agree upon.

Hopefully this guys resolved

why did you not ask for on-site confirmation? no one else is to blame here.

milkpop - July 3, 2017, 3:38 am

Remove Billie's name from this thread. I know them both very well, and they're entirely different people. They live in completely different regions and I've spoken to them both in voice multiple times. Joe is Incapability, he could just be impersonating Billie for some \$\$\$.

Exactly this, just did a re-read of the thread and looked at all the "proof" again. Not sure why you would go first to some random on discord just because they claimed they are a member on HF. Also

not sure why you would not do any sort of on-site confirmation.

You gotta be kidding me. What are your certainties? The fact that someone called Joe that says they are a certain age and from New Zealand doesn't mean they are the same person. A certainty would be confirming that you are speaking with billie on HF and THEN if you got scammed you have a certainty. I thought you would have been logical enough to come to the conclusion that you got scammed by an imposter or whoever it is, but no, you are clearly stupid enough to think that a highly reputable member would scam for \$500. If you even spoke to billie once you would realise that's not billie, it's not how he types and it's not his discord. Again this is all your fault for not confirming anything and now it seems like you can't get over the fact you were silly enough to send a random person \$500+ and want to put the blame on billie. Absolutely ridiculous you have no proof of anything you said. Billie wouldn't scam for \$500, just because he got scammed \$2600 doesn't mean he is going to make it back by scamming people, he can make it back himself.

cokecaine - July 3, 2017, 8:31 am

It would be solid proof if you can link that discord to user. Otherwise, it can be an imposter.

Compulsive - July 3, 2017, 11:30 am

As of right now, I have told Joe on Discord, that I will remove Billie Joe's DD if he can provide evidence that I have requested for numerous transactions. This is fair as Billie Joe told Incapability to fix it over skype:

as seen in a different response.

Fortunate - July 3, 2017, 1:09 pm

That's not Billie Joe on Discord, his name is not Joe on Discord and Incapability's discord's name is Joe previously as well.

Also, I've heard both guys talk on Discord before. 100% different people.

You just dealt with Incapability, not Billie Joe, do not bring him into this with not even solid proof.

My dude, that image is sent directly from his PC. He did not use any third party screencap software to take this picture. So for you to remove Billie from your invalid dispute - something that should be done regardless because its invalid - Joe has to do something? so if Joe refuses to do whatever you have requested you are keeping the blame on billie???

Also I'd like to add that I was in a Skype call or discord call and I'm 99% sure Incapability was in there and he sounds much different to billie, I have spoken to Billie in voice many times and there is no way billie could just change his voice to sound like Incapability as they both sound very

different. My bad if it wasn't incapability in the voice chat but like I said almost 99% sure.

I cannot provide any on site proof currently of this however gimme a few days and i'll take some irl screenshots.

Ok, so your evidence is that just because you have friends on Discord that have multiple Discord accounts? That's just plain stupid.

If OP was going to do a deal in the first place with Billie Joe, wouldn't you think they would first ask them to confirm their identity on HF in a PM before making any deals or hell even if "Who Soup" was being the middle man of the deal, why didn't he confirm who "Joe" was. It just doesn't add up to me.

I honestly would be shocked to think that Billie scammed someone, but if he did I would love to see some factual proof that, the "Joe" Discord is his. I am totally against scammers, but I don't appreciate false claims against people as that ruins a name especially when there isn't any true definite proof behind it other than an accusation.

I'm just saying because Robot claims that the report on 1Kodak is not legit because he didn't get banned, I then respond with the valid point that staff don't get involved in deal disputes so Robot takes the conversation off to the whole multi thing, basically saying that Kodak didn't get banned for scamming because he isn't a multi. Leroy Jethro Gibbs - July 3, 2017, 10:57 pm

I feel as if this should be more of a community alert than a deal dispute. You have no solid evidence which pretty much is what a community alert is for. If you can't be sure you know, make a community alert with the proof and provide as much evidence. Then let the parties disprove it. That way people at least know to be cautious. Also would like to point out, there has been many imposters lately. I even had one scam a buddy of mine. Luckily I was able to refund him. I'd highly suggest never doing a deal offsite. And even when you do, always always get PM confirmation.

Its irrelevant. If you are scammed offsite and you cannot without a doubt prove that he was indeed the one who scammed you, then you need to make a community alert thread. Deal disputes are not allowed to only have speculation. Community alerts however are there for that reason. Your deal dispute either needs to be changed to a community alert or real identifying evidence needs to be provided.
