Thread: [Who do you think was the biggest loss to the community \(Banned member wise\)](#)

B?ker - July 3, 2017, 4:34 am

So I'm relatively new here so I'm curious who you think was the biggest loss to the community when they got banned/closed?

Me personally I'd have to say Mons or Black Shadow ? jk honestly idk like I said I'm new-ish.

snappari2 - July 3, 2017, 4:35 am

I've only heard about mons i think so him :P

Makaveli The Don - July 3, 2017, 4:38 am

All the old Admin/staff/mentors that didn't go rogue. And maybe some other old fags that I never got to say goodbye to. Hopefully I can get to see some old friends if Omni decides to open the old closed accounts.

He was very active and helpful in RANF, suggestions and other forums, he did a lot for several groups, he made a shitload of helpful threads (got like 2 of them stuck and received the award).
And then I'm not even talking about his period as Staff. He was in my opinion one of the best staff members HF has ever had. Easy, quick, fair, nice, hard working and I could go on.

He was awesome. I believe he did say he may one day return but that he did not have too much time for HF at that time anymore.

As he really was one of the best members HF has ever had I do hope he will return.

Omniscient even went out of his way to make sure his account, while being closed, does not get affected. Meaning his reputation, threads and awards all stay.
