What do you guys think are the top 5 anime currently available on Netflix? Wondering as I'm using netflix rn and am interested in killing a few series.

My votes go to

Fullmetal Alchemist: Brotherhood
Death Note
Hunter X Hunter
Tengen Toppa Gurren Lagann
Kill la Kill

Mafty Navue Erin - July 3, 2017, 3:25 pm

Ajin
Seven Deadly Sins
Death Note
Magi
Fate Zero/UBW

There is quite a bit of nice anime on Netflix, but you should consider watching almost everything.

1. Hunter X Hunter (God Tier)
2. Death Note (Classic Anime Must-Watch)
3. Fullmetal Alchemist: Brotherhood (Amazing Story)
4. Bleach (Filler central, but I still love it)
5. Sword Art Online (Good, but stay away from 2nd season)

I ranked these, but they're all good.

RWBY would be the best I could think of, netflix isn't too gr8 for anime, it's more commercial if anything (not in the sense of ads but in the way it's produced)

Berserk

Ghost In the Shell

Terror in Resonance

Cow Boy Bebop

Death Note

(+ Code Geass and Trigun)

Tengen Toppa Gurren Lagann

Little Witch Academia

Death Note

Cowboy Bebop
