Once again vouching, I got a few games for myself for dirt cheap but they could easily have been resold for a more reasonable price, also all groups have 300-500+ members with near constant activity.

RamenField - July 28, 2017, 1:38 am

These groups he invites you to are full of (No hate), mostly foreign sellers that sell PSN accounts for dirt cheap,

Here's snippet of one:

That's one of the smaller ones, these have account buyers, sellers, and the occasional low life scammer. All PSN related. I personally only buy from Bluff so I can say he knows his shit.

Cheers. ? Already gotten scammed by people from skype and whatsapp groups.

But I'm sure it's helpful for people that don't have access to PSN sellers. I guess.
