Fortunate - July 4, 2017, 12:43 pm

Welcome to the sixth part of the quiz. Last time I made a new one it got a lot of attention and a lot of people wanted me to make a new one. I think that this one is the hardest one so far.

The members I choose are in no order, they're just picked randomly by me.

If you haven't checked the previous ones, click below.

Besides #9, this one was really easy. Most of them had a avatar corresponding with their name, easy to recognise and remember. Nice one once again, though.

Been banned for around 2 weeks.

That was painful, but also, I needed a break to focus more on real life business and stuff.

Anyway, thanks for asking, it's all damn good.

Didn't really need any, the avatars were clear enough in most cases. I mean, most of the avatars literally are the name in image. For example, Raymond Reddington and Ninetales.
