Mahoutsukai no Yome
The Ancient Magus' Bride

Synopsis courtesy of MU

With her mother dead and father long gone, Hatori Chise has spent her childhood being passed unwanted from relative to relative, until she finally makes her unfortunate way to a strange and improbable auction block. Offered as a sleigh beggy to the highest bidder, Chise is purchased by the (literally) boneheaded Elias Ainsworth, who promises to take her on as his apprentice. Elias is a mage, and his world is one of dragons and faeries - but before Chise can begin to get accustomed to all that nonsense, Elias drops another bombshell. Apparently Chise isn't just intended to be his apprentice - she will also be his bride.

You're doing a good job making sure nobody else raises their post count with threads like these lmao. This show looks tight though. Gonna start watching it soon.
