Just like most the people posting in this section, I wish to improve my graphical skills. I have a particular style I'm trying to focus on, so I will be steering designs towards it.

I will be starting off with three 'slots'. First come, first served.
You must leave enough information for me, I will not be contacting you.

Requirements: At least 300 posts
Good activity
No commercial style requests.
You will only receive my personal best.
Please do not ask for one if you don't intend to use it.

Examples:

"You gotta feel the flow"
For user [Dragon Of The West](#)

For nobody, feel free to use- do not claim credit.

For user [Fortunate](#)
Request [\(Click to View\)](#) (Jul 7, 2017 04:34 AM) Fortunate Wrote: [\[CITE\]](#) I need one as well, that would be nice.

Just with my name and it would be nice to have something related to my name.

For user [Vezel](#)
Request [\(Click to View\)](#)
Vezel Wrote: Hi, I would love one. I want it kinda same style as the one I have now. Here comes the hard part, I want it inspired by programming and Taylor Swift hehe.

I want the font to look professional, for example not how the "e" looks right now.

I hope you can do this, thanks! :D

Would my current signature be a "commercial" request?

Thank you very much mate!

Yes. Anything that involves trying to provide a product or service. I'm doing 'personal' style signatures only.

Sending you a PM, thanks for doing this!

Danny Khalifa - July 7, 2017, 4:42 am

I would like one where is written

Danny Khalifa

Make it look really nice, thank you very much in advance.

Use your imagination as I do not have lots of it when it comes to photoshop and stuff.

Alright. Not accepting any more requests for the time being. Thank you all for your interest.

First one is complete.

Let me know what you think, I may be able to accomodate some changes if necessary.

520x160, 150KB Code [align=center][img]https://i.imgur.com/0DrpkOm.png[/img]][/align] Finished the second one. I'm sorry I couldnt incorporate all the requests you PM'ed me, but hopefully this is good enough!

Thanks you bro

I said I wasn't going to be doing anymore just yet- as my initial three slots were filled and completed.

But hey, I might do a few more, just not today. I'll add you to a list or something.

I'm glad you like it, no problem!

As I said above, I'm happy to do a few more- but I won't be doing them today. Please try not to swamp me with requests haha.
